Dear Dr MacNeill

As you may be aware Ellenbrook Primary School has been allocated a grant of \$20 000 as part of the McGowan Government's Local Projects, Local Jobs program.

These grants support a range of projects across Western Australia, and are for important, grassroots initiatives and programs that will make a big difference to local communities.

The program is assisting many different local community organisations including sporting groups, local governments, schools, and not-for-profit service providers. The grants are delivering much-needed upgrades to community facilities, road safety improvements and expansions of existing initiatives.

I am pleased to inform you of the details of the grant allocated to your school outlined below:

Project number:	MET175
Recipient:	Ellenbrook Primary School
Grant amount:	\$20 000
Project description:	To provide shade to the nature playground for kindy and pre-primary students and towards the development of a Anzac Day commemorative garden

The funding for non-construction projects or those involving smaller construction works will be transferred to your school through the School Allocation Module in July as a Local Projects, Local Jobs Targeted Initiative.

The funding for projects involving larger scale construction works will be transferred later in the school year, subject to final scoping and scheduling by the Department of Finance's Building Management and Works (BMW). If BMW advise that the work will not be completed until 2018, funding will be provided as part of your 2018 school budget.

Support sheets with additional information and contact details are available on the [Finance for Schools website](#).

If you have any queries about this program please telephone Ms Lauren Atkinson, Principal Consultant, Schools Resourcing and Support on 9264 4636 or email lauren.atkinson2@education.wa.edu.au, or telephone Ms Kerry Spencer, Director, Schools Resourcing and Support on 9264 4174.

Yours sincerely
